

DAISHIN PARTS FEEDER

HF SERIES

●D-15HF ●D-20HF

Model Designation (Example)

D - 15HF - R - 1

- Voltage (1:100V, 2:200V)
- Feed direction (R: clockwise, L: counterclockwise)
- Type of parts feeder
- Name of the manufacturer (Daishin)

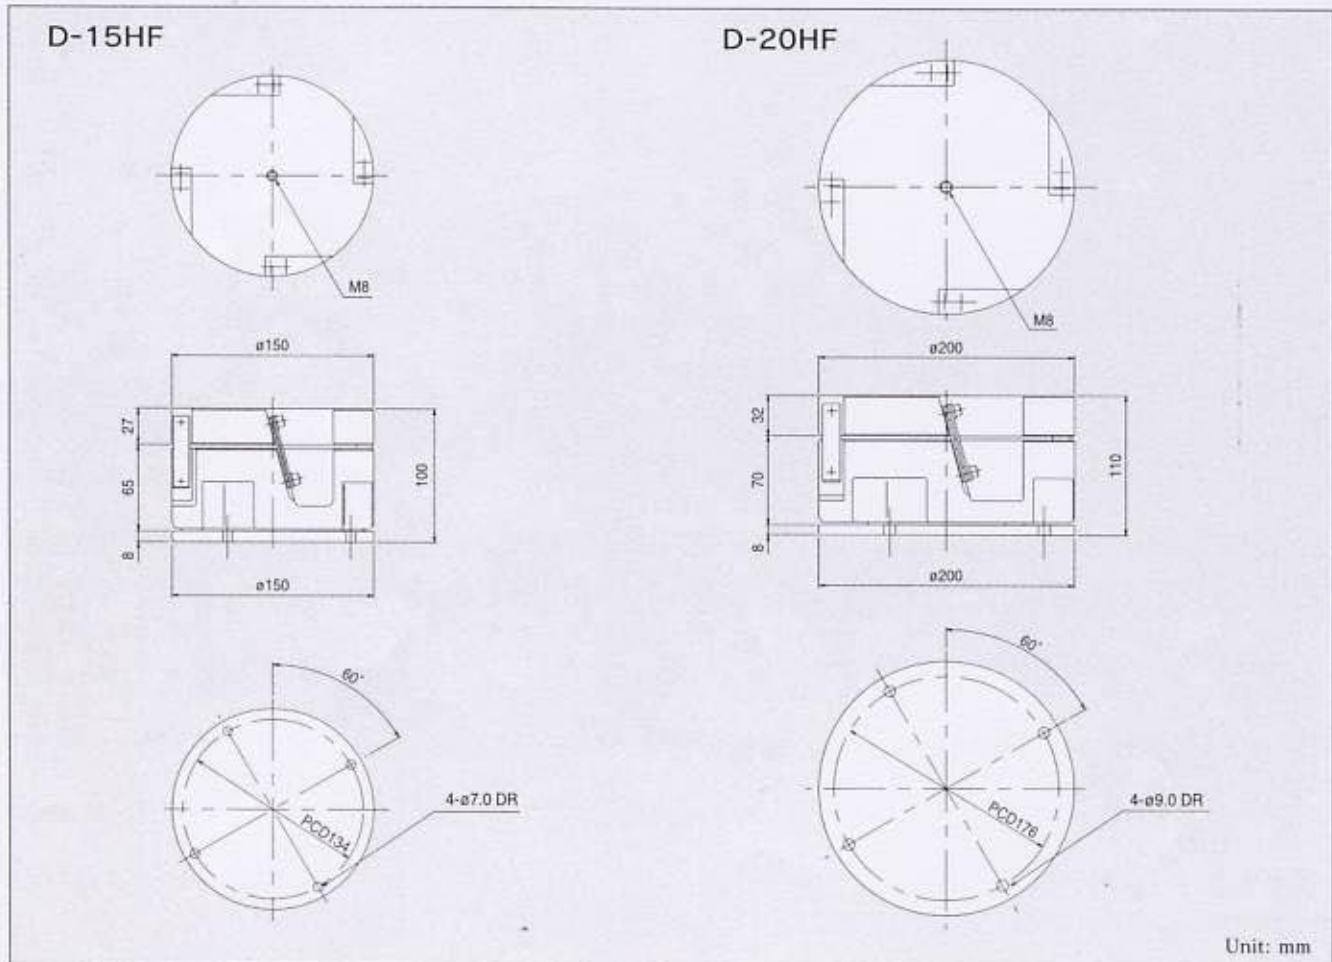

Features

The Daishin Parts Feeder HF Series drive at high frequencies when combined with an IX series controller. This series is optimal for use with very small parts.

D-15HF

Dimensional Drawing

Specifications

Model	Specification	Weight (kg)	Input voltage (V)	Rated current (A)	Frequency of vibration (times/min)	Applicable bowl diameter	Applicable controller
D-15HF		8.0	100/200	0.5/0.25	5,400~9,000	φ 170~φ 220	IX-01
D-20HF		16.0	100/200	0.7/0.35	5,400~9,000	φ 200~φ 270	IX-01
